

THANK YOU ALL FOR COMING

Scouting is a Movement. Scouting changes with the times. Never more so than during challenging times. The past few months have been the most challenging in our lifetime. Our lives have been disrupted more than ever. The world has had to adapt and so has our Scouting family. Together we can move on and make the world a better place. History has shown that from chaos, good things can emerge

Once these challenging times are over, we will return to normal. Together we will prevail and become stronger.

So, we would like to say a huge thank you to all the young people, leaders, supporters, volunteers, families and indeed the community and our civic leaders for being part of this force for good in the name of young people

Be happy, be safe
