#BehindTheNecker

Meet: Sam

Role: Group Scout Leader

What do you do when your not Scouting: I am a graphic designer who also likes walking and camping with the family.

How did you join: I went through all Guiding sections and became a leader for 11 years, until I had two sons and decided to move to Scouting so that we could enjoy adventures together.

Why do you Scout: Scouting has made me more confident, positively challenged me and the adults and young people are great fun to spend time with.

What do you do: I help the adults (leaders and Committee members) with anything they need, advise on training, help organise events, and liaise with the local community.

Best Bits: I love it when young people enjoy our scouting adventures and really build on their #Skillsforlife.

For More Information on how to Get Involved please email:
